

A close-up photograph of three young children of diverse backgrounds laughing heartily. The child on the left has dark, curly hair and is wearing a grey shirt. The child in the middle has long, blonde hair and is wearing a dark shirt. The child on the right has long, dark hair and is wearing a light-colored shirt. They are all smiling broadly, showing their teeth. The background is a soft, out-of-focus green, suggesting an outdoor setting with trees or bushes. The overall mood is joyful and positive.

ANNUAL REPORT

2022 Fiscal Year

FROM OUR CEO

Dear Friends and Supporters,

This report highlights our mission through a closer look at our children, programs, advocates and donors. It is these partnerships that have helped us continue our mission of advocating for the well-being and rights of foster children in our community.

Just like in year's past, 2022 Child Advocates worked tirelessly to provide a voice to children who have experienced abuse or neglect. Our dedicated team has remained steadfast in their commitment to ensuring the safety and welfare of vulnerable children.

We are proud of the work we have made in the past year and express our gratitude to the individuals, organizations and community members who have supported us along the way. Together, we have made an impact on the lives of countless families, and we remain dedicated to pursuing our mission with renewed passion and determination.

Thank you for your continued support, and we look forward to continuing this journey together as we strive to create a brighter future for the children we serve.

Sincerely,

Sonya Galvan

BECAUSE OF
CHILD ABUSE ^[3]

TEMPORARY MANAGING CONSERVATORSHIP (TMC)

Children who have suffered life-threatening abuse or neglect are removed from their homes by Child Protective Services (CPS) and placed into foster homes. These children will remain in a foster home with the state as the temporary managing conservator until a Harris County judge decides where the child will live permanently. State law mandates a decision must be made regarding the child's permanent placement within 12 months of the date of removal, with the possibility for two six-month extensions. Our advocates are appointed to these cases the most and visit the children monthly, attend court quarterly, prepare for trial and search for permanent homes.

PERMANENT MANAGING CONSERVATORSHIP (PMC)

Children not returned to their parents remain in a foster home with the state named the permanent managing conservator. This refers to children who stay in long-term foster care.

Our advocates visit the children monthly and attend court to report on the well-being of the children. The primary purpose of an advocate in these cases is to ensure the children's educational, psychological and medical needs are being met while also planning for the children's future needs.

COLLABORATIVE FAMILY ENGAGEMENT (CFE)

Children in foster care may be assigned a Collaborative Family Engagement team. CFE is an integrated approach between Child Advocates and Child Protective Services. All groups associated with the child's case work together to complete the steps of Family Finding in a formal and guided manner.

Open communication and collaboration amongst the CFE team occur, emphasizing utilizing the child's advocate. This approach models the need for a community of support around the children. CFE can often take 'finding of the family' further with this dedicated approach.

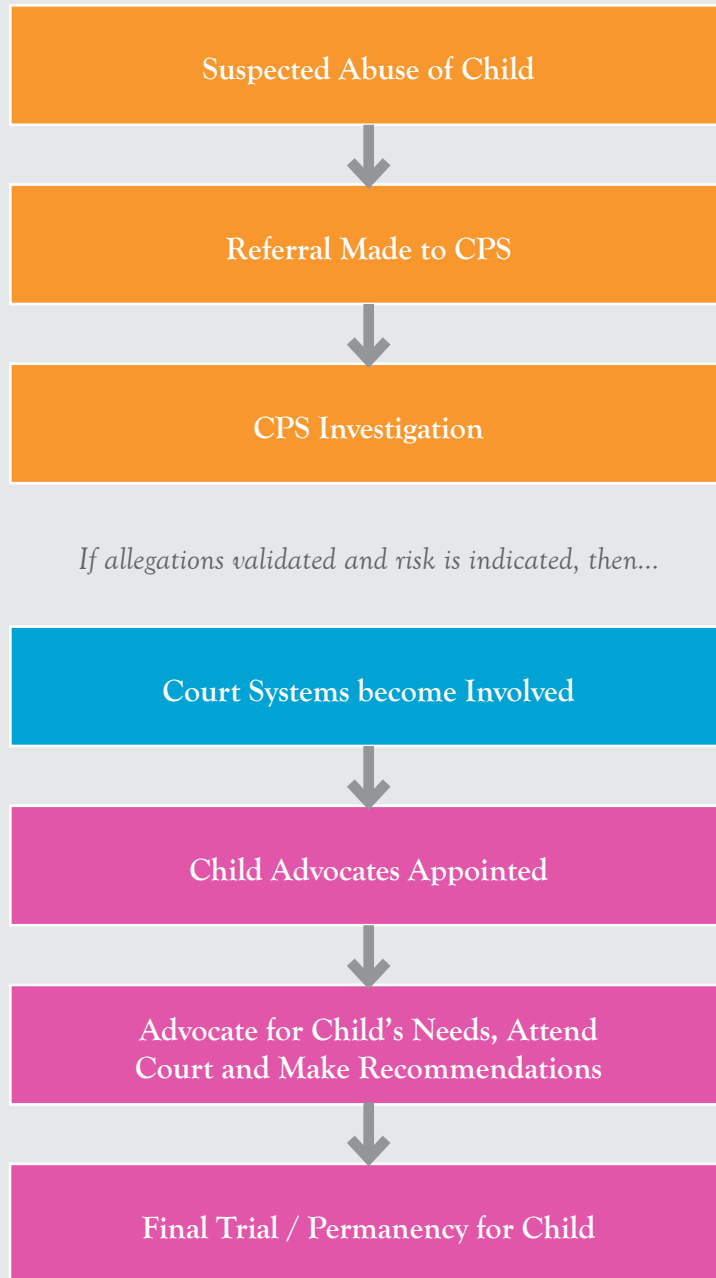

DRUG COURT

Drug Court (Family Intervention Court/Infant Toddler Court) is an intensive substance abuse recovery program for parents with substance abuse problems committed to recovery. The program's primary goal is reunification of the children with their parents. Drug Court works in a team-oriented approach to ensure the success of participants. The team consists of therapists, substance abuse treatment providers, recovery coaches, employment assistance, CPS, Child Advocates, attorneys and judges, as well as the Drug Court staff. Child Advocates' role intensifies in Drug Court cases. Our advocates attend weekly hearings and visit with the children twice per month. The children are often returned home to their parents sooner, so advocates spend more time working with the parents and children to ensure this is in the children's best interest.

DUAL STATUS

This program focuses on "dually involved" youth—those concurrently involved in the child protective and juvenile justice systems. The children in these cases need more attention than in a typical case since they face juvenile offenses. Their advocates maintain their regular duties while also keeping in communication with their probation officer and ad litem, as well as attending additional hearings for criminal matters. There are more people to collaborate with, and more care is needed to help our dual-status children get back on track and find a stable home.

OUR ADVOCATES

The people who make us, us.

Our children are at the heart of our mission, but our advocates are the pulse. They keep us going daily; Child Advocates would not be who we are without these individuals.

Each advocate is an individual committed to our mission like no other. While they could spend their time in countless ways, each one chooses to dedicate it to Houston's abused children.

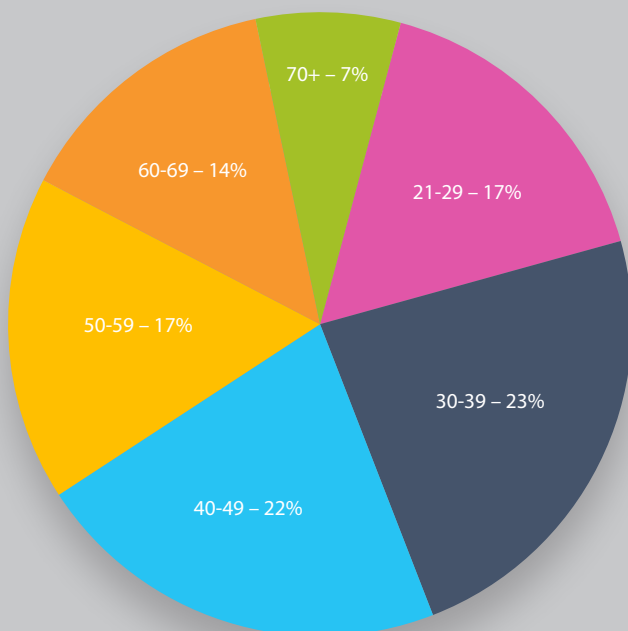

THE MAJORITY OF OUR ADVOCATES WORK FULLTIME

After completing 30 hours of training, interviews and background checks, each advocate is matched with a case and a coordinator on our staff to guide them. They study the case file and get to know the children in their care. Throughout a case, they spend time each month driving to visit their children, meeting with various parties in the children's lives, working with their coordinator to understand the ins and outs of the child welfare system and testifying in court. But our advocates do so much more.

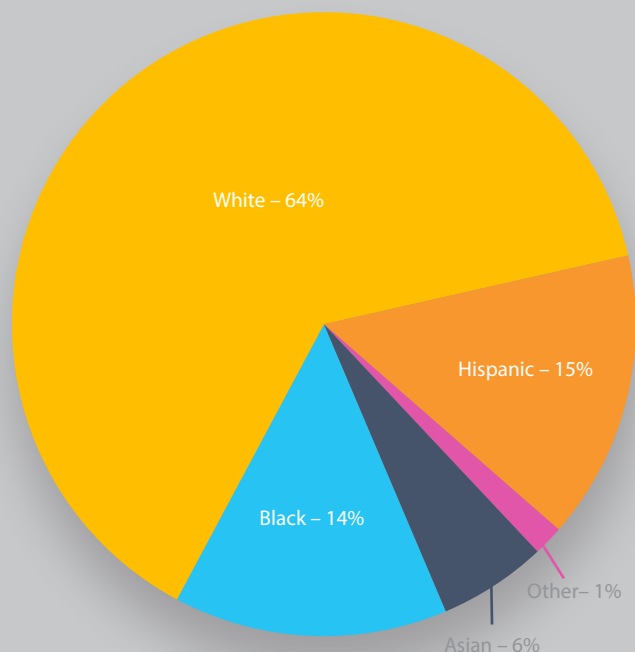

They dry tears and give hugs and throw birthday parties, too. Most importantly, they serve as a 'constant' person for the children to count on during this tumultuous time. Our advocates do whatever it takes to ensure that the needs of the children are being met while they are in care.

The role of an advocate is more than most typical volunteer roles. Each of our advocates invests their energy, time and heart to ensure that our children's best interests are met.

Advocates by Age

Advocates by Race

Child Advocates Highest Honors

Each year, Child Advocates presents awards to two deserving volunteers: the James A. Gwinn Volunteer of the Year award, awarded to an outstanding veteran volunteer, and the Rookie of the Year award, awarded to a new volunteer who has demonstrated exemplary commitment.

2022 James A. Gwinn Volunteer of the Year - Judy Blissard

Judy has been a dedicated advocate since 2011 and has served twenty-one children. As an advocate, Judy has great initiative and independence, but she also is a great collaborator.

Her dedication and faithfulness to the children she serves is inspirational. When others may walk away, she stays.

In addition to her casework, Judy has been an active ambassador of Child Advocates. She has helped plan and organize grad school presentations, served in our mentor program and regularly attended children's events like our Holiday Party and Childspeer. The Child Advocates staff loves working with Judy and is so grateful for her years of service as an advocate.

2022 Rookie of the Year - Steven Kochvar

Steven graduated from Advocacy University in September of 2021 and accepted his first case that same day. Since then, Steven has worked diligently on behalf of a seventeen-year-old young man with autism.

Sam's first case has been complicated and involves many issues and agencies. Despite that, Steven has remained in contact with each of these. He has worked diligently to make sure the child's best interest is everyone's top priority. But one of the things Steven is best at is connecting and communicating with the child on his case. He is respectful and thoughtful and meets the child where he is. The deep trust and bond between them is evident.

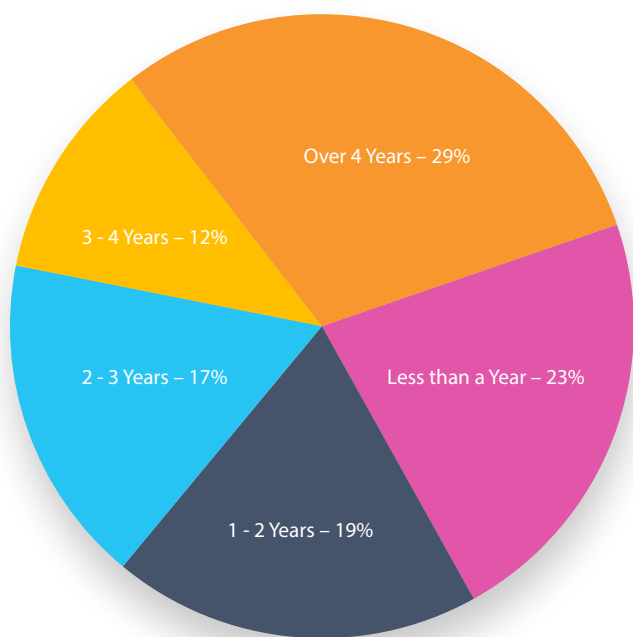

Although he is a brand-new guardian ad litem, Steven has handled this case thoroughly, efficiently and professionally. We could not be more grateful for Steven's dedication and service as an advocate.

TRAINED

Advocates by Tenure

Houston is one of the most culturally diverse cities in the country, and our advocates can speak a total of eight different languages, further ensuring that a child's voice will be heard.

In 2022, these extraordinary individuals have given consistently of their time for five years or more. Thank you for your continued service as a court appointed advocate.

With the help of over 1,100 donors, Child Advocates raised over \$5.7 million to help support children in foster care.

BERNIE POWELL LEGACY SOCIETY

Bernie Powell has served more children as an advocate than any other volunteer in our history. Supported by her loving husband, Ed, Bernie advocated for more than 170 abused and neglected children over two decades. Whether making 10 to 20 calls a week to therapists, attorneys, caseworkers and relatives, or holding a girl's hand as she faces surgery to repair the wounds of abuse, Bernie exemplified the commitment required to ensure children enjoy the bright futures they deserve.

The Bernie Powell Legacy Society gives donors the opportunity to make gifts from your estate to ensure Child Advocates can provide a legacy of high-quality advocacy for generations to come. As a member we will respect your wishes for participation, recognition or anonymity, and any details of your gift will be held in the strictest confidence.

PULL FOR KIDS CLASSIC

Stephanie and Sasha Moritz chaired our signature fundraising event and honored longtime supporters Cherie and Alan Hassenflu. The morning started with a classic Sporting Clays Tourney. It ended with a honky-tonk styled evening party that brought in over 400 guests to support the organization. The event boot-scooted close to raising \$570,000.

SUPERHERO RUN

Our 10th annual Superhero Run was a smashing success with over 750 runners! Together, we raised \$125,000. We are incredibly grateful to our Presenting Sponsor, MRE Consulting, our Post Race Sponsor, Stewart, plus the countless other sponsors for their support and philanthropy in putting on this event. This event also would not have been possible without Jeff Cotner and Angie Parker, who have been dedicated since day one of Superhero Run ten years ago.

ANGELS OF HOPE

Nearly 400 guests gathered for a fashion show and shopping exhibition to raise funds and awareness for our mission. The luncheon, led by chair Jane Johnson, featured a Neiman Marcus fashion show with ready-to-wear holiday attire. Child Advocates honored longtime supporter Caroline Finkelstein for her philanthropy, service and generosity. The 2022 Angels of Hope Luncheon and Fashion Presentation raised over \$317,000 in our fight against child abuse.

THIRD PARTY EVENT HIGHLIGHTS

Child Advocates relies on its funding from many different resources. In 2022, over \$200,000 was raised by groups that produced and executed events as part of their charitable giving goals. We are always so grateful whenever a company or organization chooses Child Advocates as a beneficiary of these third-party events. Events like these not only help us reach our annual revenue goals but help us spread more awareness of our mission to a broader part of the Greater Houston community.

DEACONS OF DEADWOOD

The Deacons of Deadwood are a respected area motorcycle club that supports local children's charities. We are always thankful to be selected as a beneficiary of their annual Charity Ball. In 2022, they gave \$13,000 to our mission.

DRIVE FOR KIDS

Child Advocates was a beneficiary of this unique event for the second year. Bringing together car and race enthusiasts who also fundraised on behalf of our mission. At the end of the event, Child Advocates generously received \$20,000 in revenue support.

NIGHT COURT

After a brief hiatus due to COVID, Night Court returned to the Hobby Center in 2022. Thanks to the talents and hard work of so many, they entertained crowds and raised funds for so many local nonprofits. Child Advocates is thrilled to have received \$10,000 from this program.

PROFESSIONAL WOMEN OF THE INDUSTRY

This professional commercial real estate networking group supported us through a few events in 2022. Their 'Designer Purse Bingo' and 'Halloween Party' raised Child Advocates \$27,000 towards our mission.

WEATHERFORD WALKS

Child Advocates is honored to be a charity partner of the Weatherford Foundation and a beneficiary of the 2022 Weatherford Walks. Thanks to dedicated individuals and teams at Weatherford, Child Advocates received over \$97,000.
